POSTMASTER WAS SHOT

EDWARD M. MORGAN, OF NEW YORK CITY, BY ERICK H. B. MACKEY THIS MORNING.

THE LATTER COMMITTED SUICIDE

Believed That He Was Insane—Had Preferred Charges at Washington That His Mail Was Tampered With.

New York, Nov. 9.—Postmaster Edward M. Morgan, of this city, was shot down in the street and seriously wounded as he was leaving his home in One Hundred and Forty-Sixth street for the post office this morning by Eric H. B. Mackey, a stenographer employed by a downtown law firm, who then shot and instantly killed himself.

The only excuse known for the shooting was that Mackey had complained to the Washington postal authorities that his mail had been tampered with, and that the electric light had been turned out while he was reading in the postoffice corridor.

Mackey received a reply that the light incident was an accident, and that there was no evidence that his mail had been tampered with.

Postmaster Morgan is expected to recover. Mackey is believed to have been insane.

SUNDAY SCHOOL WORKER

Is to Give a Course of Valuable Lectures in Sedalia.

Rev. R. L. Davidson, who is lecturing this week at the Baptist church in this city, is the state secretary of Sunday school work and Christian stewardship. Formerly he was a lawyer. He is a speaker of spirit and power, is full handed in his line, and does telling work.

Today and tomorrow at 4:15 and 7:30 p. m. he lectures at the East Sedalia Baptist church. On Wednesday, Thursday and Friday, at 2:30, 4:30 and 7:30 p. m., he lectures at the First Baptist church.

Here is an excellent opportunity for Sunday school officers and teachers, and all Bible readers to hear a man worth while. The working force of every Sunday school in the city is cordially invited to attend every lecture and without cost. The 4:30 hour at the First church is for public school teachers who are doing Sunday school work.

REPORT WAS UNTRUE

Bookkeeper of Oklahoma Bank Was Never Arrested, as Was Charged.

Guthrie, Okla., Nov. 9.—On October 26 an item was sent out from this city telling of the robbery of the First State bank of Falls, Lincoln county, Oklahoma, asserting that George Schmake, bookkeeper of the bank, had that day been arrested on suspicion of knowing something of the robbery. The reported arrest of Mr. Schmake proves to have been an error.

The facts now disclosed show he was not arrested. Authority for the report of the alleged arrest was given by the sheriff's office in Guthrie, by officers of a national bank in this city, and by persons coming from Chandler, who asserted that Schmake was in jail there.

A GREAT DAY AT EPWORTH

Evangelist La Mance and Wife Are Doing Good Work.

Evangelist LaMance and wife are more than meeting the expectations of the people at Epworth M. E. church. Mrs. LaMance is a singer of superior ability. She has a powerful voice and the solos and duets are full. Brother LaMance has a tenor voice and the solos and duets are full. The singing of the choruses speaks well for the work done by Mrs. Sager before the beginning of the meetings.

As a preacher LaMance is a surprise. As soon as he opens his mouth business begins, and there is something doing from then till the benediction is pronounced. He is a pleasing preacher, and whether he is skinning the hypocrites or encouraging the sinner, he wears a smile that

won't rub off. He is a great friend of the laboring man. He formerly worked on the railroad and was converted between two box cars. Sunday night he spoke very complimentary of the labor unions, while he denounced the trusts and corporations that oppress labor.

The text Sunday night was the 13th chapter of I Corinthians. He had a crowded house and was in fine form. Among other things, he said that religion is love. If you are quarrelsome or get provoked, or angry or had to get along with, you need to have a big chunk of love strike you square in the heart and knock the devil out of you.

The meetings will continue throughout the week with services at 10:30 a. m. and 7:30 p. m.

FIGHT BY THE RAILROADS

EIGHTEEN OF THEM ARE REPRESENTED IN KANSAS CITY BY ATTORNEYS.

OBJECT TO THE TWO CENT RATE

Also to the Maximum Freight Law That Was Passed by the Last Legislature—Gen. Hadley Is for the State.

Kansas City, Mo., Nov. 9.—Representatives of eighteen of the leading railroads operating in Missouri appeared before Federal Judge Smith McPherson here today to prove the contention that the railroads are unable to operate with a profit under the 2 cent passenger rate and the maximum freight laws passed by the last legislature and now in operation.

The state of Missouri is defendant and is represented by Attorney General Herbert S. Hadley, the newly elected governor. This is Mr. Hadley's first visit to his home city since the election.

The state claims a reasonable profit is possible under the new regulations.

GAVE THEM CHEST OF SILVER

Forty-Six Pieces for a Couple to Be Married Tomorrow.

S. R. Smith, local manager of the Bell Telephone company, and Miss Anna Geigel, who are to be united in marriage at Sacred Heart church tomorrow morning, were handsomely remembered by the employees of the telephone company this morning, when J. H. Chaney, in behalf of the donors, presented the couple with a beautiful and expensive chest of silver, consisting of forty-six pieces, purchased at Bichsel Bros. jewelry store.

The recipients, taken completely by surprise, were unable to express their appreciation at length for the kind remembrance, but thanked Mr. Chaney briefly and will ever hold the donors in kind remembrance.

RIDGELY WILL RETIRE

New Head of Kansas City Bank of Commerce to Leave Institution.

Kansas City, Nov. 9.—It was announced here today that W. B. Ridgely, president of the reorganized National Bank of Commerce of this city, is to be replaced, Dr. W. S. Woods, the deposed president of the bank, and his friends having succeeded in buying up a majority of the stock, thus securing control of the institution.

Mr. Ridgely last winter resigned his position as comptroller of the currency to become the head of the bank after it resumed business. Who Mr. Ridgely's successor will be is not known, but many think Dr. Woods will resume his old place.

Earthquakes Shocks in Kansas.

Care Set for Next January.

The case of George S. Marshall, charged on two counts with obtaining property falsely, was set for Monday, January 4, by Judge Hoffman today.

THE OPENING MEETINGS

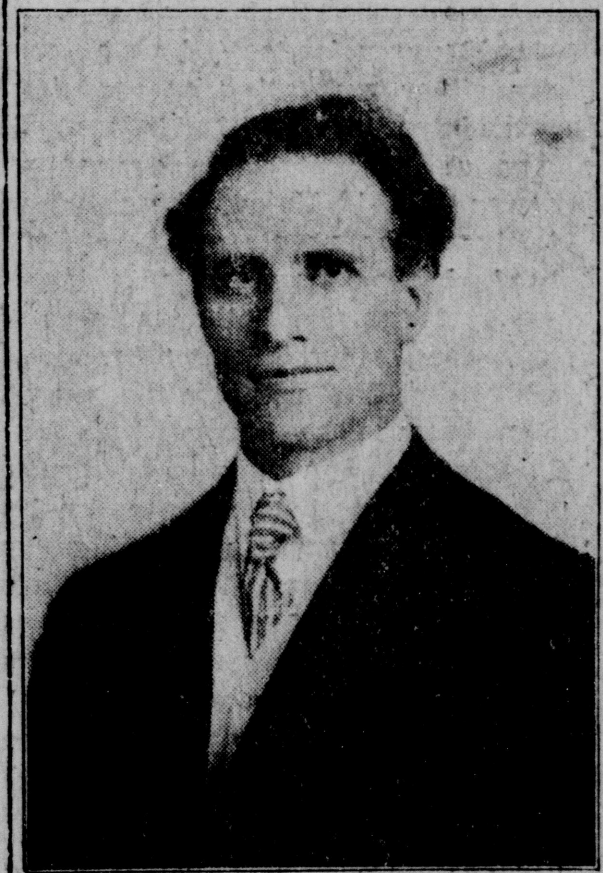

AT BROADWAY PRESBYTERIAN CHURCH SUNDAY WERE WELL ATTENDED.

MUSIC TO BE A SPECIAL FEATURE

Beginning Tuesday Morning Cottage Prayer Meetings Are to Be Conducted in Various Neighborhoods.

The opening meetings of the evangelistic campaign yesterday at the Broadway Presbyterian church were most encouraging. Large and attentive audiences greeted the evangelists.

Mr. Hamilton, a man of striking personality, with deep musical voice, and dead in earnest, made such an impression on the morning audience

JOHN W. HENDERSON, Evangelistic singer, Moody Bible Institute, Chicago.

that a still larger number were out to hear him at night.

The music is to be a great feature of the meetings and the pulpit has been enlarged to accommodate the chorus which Mr. Henderson, the singer, is organizing.

Mr. Henderson uses his own books, entitled "Famous Hymns," containing many new evangelistic songs. His solos were appreciated by everyone yesterday and his splendid leadership of the large chorus insures inspiring music throughout the meetings.

The sermons yesterday were especially to the church, the subjects being "Helpers" in the morning and at night "Prayer." Tonight the evangelist's subject will be, "Can One Know That He Is Saved?" and Mr. Henderson will sing "The Sparrow Song."

Beginning Tuesday morning half hour cottage prayer meetings will be held in various neighborhoods from 10 to 10:30. There will be no afternoon services this week. Everyone is invited to the meeting.

REMEMBERED THE CHURCHES

Wesley H. Graham Corroborates Story of Dr. Graham's Will.

Wesley H. Graham arrived from Excelsior Springs Sunday and will remain over until Tuesday. He corroborates the accuracy of an article in The Word and Work, a Baptist publication of Kansas City, to the effect that the last will of his brother,

Dr. W. N. Graham, made at Excelsior Springs on October 20, 1908, bequeathed \$1,000 each to his two brothers, Wesley and John, and a like sum to the two minor children of his deceased half sister, Mrs. Minnie H. Eick.

The residue of the estate, amounting to something like \$21,000, is to be divided equally between the First Baptist church of Sedalia and the Baptist church of Excelsior Springs, the money to be invested by the trustees and the annual interest added to the regular salary of the pastor of the respective churches.

Dr. Charles F. Simmons, an old friend of the testator, is named as executor of the estate, to serve without bond.

FOX HUNTERS' BIG MEET

SPORTSMEN FROM ALL POINTS GATHERING AT MONTE NE, ARKANSAS.

"COIN" HARVEY'S FAMOUS RESORT

In the Heart of the Ozark Mountains Is the Place of Meeting—Lee Looney and Mint Johns Can't Be There.

Monte Ne, Ark., Nov. 9.—Sportsmen from all over the land are assembling today at "Coin" Harvey's famous resort in the Ozarks to take part in the annual hunt of the Monte Ne Fox Hunters' association.

This is the fourth meet of the association and promises to be the most successful. The Cookson, Okla., Kennel club came to Monte Ne on horseback, bringing the banner, the trophy won by them at last year's hunt, which is to be again contested for this week.

The Oklahomans are accompanied by a band of Night Hawk Indians. The Fort Smith Fox Hunters' club has also sent a strong delegation, with a large number of saddle horses.

Next Monday there will be a national contest between the July and Walker breed of hounds, twelve on a side, the contest to continue until one pack is down and out.

THE LLOYD CANNON CASE

Venire of Forty Men Excused Until Tuesday Afternoon.

The case of Lloyd Cannon, alleged negro rapist, was called in criminal court today. The entire forenoon was spent in selecting a special venire of forty men, a list of whom was placed in the hands of defendant's attorneys. After being instructed and cautioned the venire was excused until 1:30 o'clock tomorrow afternoon.

C. C. Kelly is being assisted in the defense by P. D. Hastain, formerly a criminal lawyer of this city, and W. W. Blain, while Prosecutor Dow is assisted by W. D. Steele and James T. Montgomery.

THE GIRL STOLE FOR HIM

Is Now Said Former Legislator Will Marry Her.

Chicago, Nov. 9.—Elmer E. Cain, the former Wisconsin legislator, who was arrested Friday with Catherine Livingston with whom he had been living at a local hotel, has announced his willingness to marry the girl who begged and stole for his benefit.

Cain is believed to have been influenced to promise to marry the girl by a negro named Wright, who occupied a cell next to him. Cain has been thrown in contact with the negro, who had been arrested for a similar offense.

The couple will live with the girl's parents on a farm in Wisconsin.

AFTER EX-SLAVE'S \$50,000

To Break Will Leaving a Fortune to Common Law Wife.

New Orleans, Nov. 9.—A fight for a \$50,000 estate left by a wealthy Tennessee planter to his common law wife, an ex-slave, was begun in the civil district court here Saturday, with the filing of a suit by Mrs. Jane B. Holt Barrett, wife of John A. Barrett, of Murfreesboro, Tenn., seeking to have the court declare null and void a will that was filed for probate by Frank Walker.

THE LABOR FEDERATION

TWENTY-EIGHTH ANNUAL CONVENTION MEETS IN DENVER COLORADO.

MATTERS OF UTMOST IMPORTANCE

To All Branches of Organized Labor Will Be Discussed—President Samuel Gompers Is in the Chair.

Denver, Nov. 9.—Though there is much talk of plans that are moot to oust Samuel Gompers from the presidency of the American Federation of Labor, the leaders declared this morning before the beginning of the annual convention of that organization was called to order that they did not know of any organized opposition to him.

Will There Be a Fight?

Denver, Colo., Nov. 9.—With President Samuel Gompers presiding and delegates present representing a million workers, the twenty-eighth annual convention of the American Federation of Labor was called to order here today. Matters of the utmost importance to organized labor in the United States are scheduled for consideration and the convention promises to be the most notable in the history of the federation.

There are surface indications that a determined fight will be made against the re-election of Samuel Gompers to the presidency. Many delegates are dissatisfied with the stand taken by Gompers during the recent campaign. They declare that he took the American Federation into politics in violation of its constitution and by-laws. There are also many socialist delegates who are opposed to Gompers, owing to the stand he has taken against their political creed.

The trouble growing out of the "federation blacklist" will also be discussed during the convention. Last winter the Buck's Stove and Range company, of St. Louis, secured an injunction restraining Gompers from printing the name of the concern in the "We don't patronize" list of the American Federationist, the official organ of the American Federation of Labor. Gompers nominally obeyed the injunction, but only nominally, having made all sorts of references to it, and to the fact that organized labor is against the Buck's company.

This led to a contempt case against him. In this case, the federation is solidly back of Gompers, and one and all the delegates believe that the injunction was a violation of the fundamental right of free speech and a free press.

Reports have been circulated by a Cleveland detective agency that the convention would be secret, and offering to furnish complete reports of the sessions secured by spies. Mr. Gompers denies that there will be anything of a secret nature about the deliberations of the federation, and every effort has been made to give the representatives of the press full opportunity to report the convention.

During their stay in Denver, the visiting delegates will be entertained in a lavish manner by the local labor organizations. Several trips to points of interest have been arranged and there will be numerous entertainments. The business men of the city have heartily co-operated in the plans to give the labor men a pleasant time during their convention.

DID HE MURDER FAMILY?

Ray Lamphere Was Arraigned at La Porte, Ind., Today.

La Porte, Ind., Nov. 9.—Breathing for the first time in six months fresh air outside of prison walls, Ray Lamphere this morning was brought from the county jail to the circuit court room to answer the charge of murder in the first degree for the death of Mrs. Belle Guinness and her three children.

The court room was crowded with spectators.

THESE THIEVES GOT \$10,000

A Rich Brooklyn Family Saw Their Jewels Taken.

New York, Nov. 9.—With a burglar's dark lantern shining in their eyes and two revolvers, held by masked men, covering them, the five mem-

bers of the family of Charles E. Tayntor, a wealthy granite dealer, lay in bed in the Tayntor home at Borough park, Brooklyn, for more than an hour Saturday night, while a third masked robber packed up \$10,000 worth of jewelry and silverware. Then the burglars bound Mr. Tayntor and escaped with their booty.

The Rites of Circumcision.

Rabbi S. Gordon, of Lincoln, Neb., performed the rites of circumcision upon the infant son of Mr. and Mrs. Joe Kain at their home, 143 West Jefferson street, Sunday. The ceremony was attended by relatives and friends, and at its conclusion refreshments were served.

KING EDWARD 67 TODAY

THE ANNIVERSARY WAS OBSERVED THROUGHOUT BRITISH EMPIRE.

GOT CONGRATULATORY TELEGRAMS

Gifts and Letters From All Parts of the World—During the Afternoon the Entire Tenantry Was Entertained.

Washington, Nov. 9.—President Roosevelt today dictated to his secretary a message of congratulation and good wishes to King Edward, who today celebrates the 67th anniversary of his birth.

The message was cabled to London, but was not made public here.

All England Celebrating.

London, Nov. 9.—Edward VII, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British dominions beyond the seas, king, defender of the faith and emperor of India, was born Nov. 9, 1841, and today is celebrating his 67th birthday. The anniversary was observed throughout the empire with the usual military and naval salutes and displays.

His majesty spent the morning in receiving a number of congratulatory telegrams, cables, gifts and letters from all parts of the world, some of them coming from the royal relatives of the king and from all of the monarchs of Europe. This afternoon their majesties followed their custom of entertaining the tenantry on their estate at Sandringham.

The great event of the day in London was the lord mayor's show, marking the inauguration of Sir George Truscott, who assumes the office held during the last year by Sir George Bell, the well known millionaire brewer.

King Edward succeeded his mother, Queen Victoria, as ruler of Great Britain on January 2, 1901. He was married to the Princess Alexandra of Denmark March 10, 1863. Six children have been born to the royal couple, two of whom, Albert Victor, their first born, and Alexander, the last, are dead.

FOUR CAKES WERE STOLEN

And Now George Bichsel Is Searching for the Thief.

George Bichsel, the jeweler, has about decided to quit this occupation and assume the role of a "sleuth."

Last Thursday night a linen show was given by Mrs. George Bichsel in honor of W. P. Kimberlin and his bride-to-be, and among the delicacies to be served during the evening were four large and sweet-smelling cakes. They had been placed in the rear of the Bichsel residence, awaiting the hour for serving refreshments.

During the enjoyment of the occasion, when the guests were gaily celebrating, some miscreant, unknown to the genial George, forcibly gained entrance to the place and stole the cakes, and now George and the police department are searching for the vandals.

WHITE AND BLACK RACES

States Can Legislate to Prevent Co-education.

Washington, D. C., Nov. 9.—In deciding the case of Berea college vs. the State of Kentucky favorably to the state, the supreme court of the United States today held that states may constitutionally legislate to prevent the co-education of the white and black races.

CASE OF CLAY H. PIERCE

HEAD OF THE WATERS-PIERCE OIL COMPANY GOES TO AUSTIN, TEXAS.

CHARGED WITH FALSE SWEARING

Grew Out of Alleged "Crooked" Statements Made by Him in Securing Readmission of Company to Lone Star State.

Hillsboro, Texas, Nov. 9.—H. Clay Pierce, the indicted oil magnate, arrived here from the north last night. He retired early and asked to be excused from seeing newspaper men.

This morning Pierce went to the court house and entered recognizance for his appearance November 27, the day set for taking up the criminal docket.

The district judge and district attorney agreed on a \$20,000 appearance bond for Pierce. All the signatures to the bond are those of citizens of Texas. They represent an aggregate wealth of \$3,500,000.

The trial of the case was continued until the January term. Pierce returns to St. Louis tonight.

Alleged False Swearing.

Austin, Texas, Nov. 9.—Arrangements have been made today for the trial of H. Clay Pierce, head of the Waters-Pierce Oil Co., a Standard auxiliary, who was indicted in this county on the charge of false swearing.

The case will be called before Judge Calhoun, of the Fifty-third court, but it is believed that an effort will be made to get a change of venue.

Pierce's promise to voluntarily return to Texas for trial ended the efforts of the Texas authorities to secure his extradition from Massachusetts, where the oil magnate has a summer home.

Pierce says he has nothing to fear from the trial, and would have come earlier, but his health prevented his doing so.

The charge against Pierce grew out of alleged false statements made by him in securing the readmission of the Waters-Pierce Oil Co. to Texas after it had been evicted as a criminal trust.

United States Senator Joseph W. Bailey was involved in the matter, and was alleged to have received large sums from Pierce in return for legal services in aiding the oil company to evade the provisions of the Texas anti-trust law.

Senator Bailey was subjected to a legislative investigation and exonerated, but the democratic split caused by the affair has not yet been entirely healed.

BLOWS OUT BRAINS IN HOTEL

Widely Known Iron and Steel Man of Louisville, Ky.

New York, Nov. 9.—Walworth H. Tappan, well known in the iron and steel trade of the south and middle west, who lived in Louisville, Ky., blew out his brains last night in the washroom of the hotel Savoy, a Fifth avenue hostelry.

The report of the shot was heard throughout the lower part of the hotel, and created much excitement.

Despondency over a nervous affliction, which was constantly growing worse, is given by his wife as the cause of Tappan's act.

TAKES POISON IN PRISON

Boy Charged With Murder of Priest Attempts Suicide.

New York, Nov. 9.—An unsuccessful attempt to commit suicide by poison was made late Sunday in his cell in the Tombs prison by Enrique De Lara, a 17-year-old lad, who stands charged with the killing of Father Arturo Ascencio, a Dominican priest, in Central park September 14, last.

It was said last night that De Lara would probably recover. How he obtained the poison is not known.

PURGING THE BANKING BUSINESS

The entangling of Charles W. Morse, crooked exponent of high finance and promoter of many dishonest enterprises, such as the ice trust and ship-building combine, is a wholesome lesson to others of his kind who are fortunate enough to be out of jail.

This gambler, robber of innocent investors and defier of federal banking laws, who many years posed as one of New York's bon ton millionaires and select citizens, has finally come to his just reward. He had a spectacular career, full of glory and riotous renown while it lasted, but when it collapsed, as inevitably it must have done sooner or later, the crash made the maudlin kings of finance tremble with apprehension.

Morse's offenses were numerous, but the most serious of all was that upon which he was convicted and sentenced to prison. It was of the kind which the panic of last year revealed existed on a wide scale in the great banking city in America, and which in principal degree was responsible for the panic itself. Morse was one of the go-between for speculators and certain so-called reputable banking institutions of New York. He poured the funds of his bank, which was one of the largest in the metropolis, into his own and other nefarious schemes until there was left the left of its assets that could be realized on in an emergency. All this he did in reckless disregard of the national banking laws and of the trust he occupied for bank depositors.

Possibly in time, after a few more bankers are imprisoned, they will learn that the United States banking laws are made to be obeyed, and that those who can't obey them must either get out of business or go to jail.

EVERYBODY! LET'S GET BUSY.

And now to business again! The summer's over; the election is over; the panic is over; we hope hard times are over; and we are all right up to the time for which we have been waiting.

After all, our work is our happiness. Waiting and hoping is what makes the heart sick. Work is what wings the hours. Work is what strengthens the body and the mind. Work is what tunes the voice and puts us in harmony with the universe. God gave us work and in that giving, our greatest blessing.

No. We are not forgetting the poor fellow whose only request is for work. We must work to get work for him, and if he can't get work, we must do double duty till he can. There is a screw loose with our system, or there would not be any lack of work for willing hands. Here and now is our time, and with our system there's work for nearly all. And there is more work for each man than we are doing.

And in doing more we will be more. We will grow and expand. We will live a larger life, a more happy life; and, incidentally, as we serve we will be rewarded. And as we are

rewarded we will prosper. And as we prosper we will grow stronger. The only thing that kills is idleness and inaction.

The dead rest. Work is the antithesis of death.

A HORSE A PIECE.

As a means of relief from the despotism of Speaker Cannon the whispered suggestion is made in republican circles of putting Representative John Dalzell in his place, now that the party is sure of the next congress.

That would be an escape, so to speak, from the devil into the deep blue sea. What kind of a committee of ways and means to revise the tariff could be expected of John Dalzell in the chair of speaker? He was the representative and agent of the steel trust when a duty of \$7.84 was imposed on steel rails, of \$10 a ton on building materials of steel and of \$30 a ton on tin plate.

In vain it was shown that these exorbitant duties were not necessary for protection and would be unproductive of public revenue; that they would be a heavy burden to American manufacturers requiring steel and iron for materials of production, and that they would therefore be a grievous obstruction to the country's export trade. The greed of the tariff beneficiaries was insatiable, and the committee on ways and means wrote the tariff schedules according to their dictation.

By the schedule of the duties on steel was bred the greatest trust the world has ever known, and Andrew Carnegie was enabled to sell out to it for something like \$300,000,000. Since then Dalzell has again expressed his hostility to a revision of the tariff. He is, in fact, a stand patter of the stand patters.

Uncle Joe Cannon and John Dalzell are personally as much unlike as any two men in congress. But politically they are tarred with the same stick and wear the same livery. To trade one for the other would be an even exchange.

Still Interested in Sedalia.

E. E. Brown, a former stockholder in and secretary of the Beller Grocer Co. here, but now of The State Bank at Corning, New York, writes to have the Democrat-Sentinel mailed to him for another year, and of course a check for the necessary sum was enclosed.

Mr. Brown asks: "Did you hear from New York?" Yes, Sedalians heard. It was the first news received the night of November 24. But Missouri can stand the dose if the Empire state can, so let's let bygones be bygones and think of something more pleasant.

A Change for Priests.

Rev. Father Kretcher, who has been stationed at Wardville, but who for the past two months has been ill at St. Mary's hospital, has been transferred to Wentzville, St. Charles county, says the Cole County Democrat. This change is made because it is thought it will benefit Rev. Kretcher's health. To succeed him at Wardville Rev. Paul Goos, of Montgomery City, will be stationed. Rev. Gross is expected to take charge of the parish some time next week.

Former Sedalian Heads List.

Ed Reulbach, who played ball in Sedalia a couple of years under the name of "Bob" Lawson, but for the past few years a pitcher for the Chicago Cubs, is written of as follows in the Globe-Democrat of Monday:

"In the pitcher line, Reulbach carries off the honors with a percentage of .774 on 31 games played, 24 of these being won. Matthewson is second, with a percentage of .771 in 48 games played, while Brown ranks third, with .753 in 38 games."

"TEDDY" TAKES HIDE OFF

OF OHIO MAN WHO WROTE A LETTER ABOUT TAFT'S RELIGIOUS BELIEF.

HE REFERS TO IT AS "AN OUTRAGE"

Man's Religious Belief Concerns Him and His Maker—Protestants, Catholics, Christians and Jews in Cabinet.

Washington, Nov. 9.—"Secretary Taft's religious faith is purely his own private concern and not a matter for general discussion and political discrimination," says President Roosevelt in a letter he made public last night in which he answers numerous correspondents. The president says he deferred the publication of the letter until now to avoid any agitation likely to influence the election. The letter is addressed to J. C. Martin, Dayton, O., and is as follows:

November 6, 1908.—My Dear Sir: I have received your letter running in part as follows:

"While it is claimed almost universally that religion should not enter into politics, yet there is no denying that it does, and the mass of the voters that are not Catholics will not support a man for any office, especially for president of the United States, who is a Roman Catholic."

"Since Taft has been nominated for president by the republican party, it is being circulated and is constantly urged as a reason for not voting for Taft that he is an infidel (Unitarian) and his wife and brother Roman Catholics * * * If his feelings are in sympathy with the Roman Catholic church on account of his wife and brother being Catholics, that would be objectionable to sufficient number of voters to defeat him. On the other hand if he is an infidel, that would be sure to mean defeat. * * * I am writing this letter for the sole purpose of giving Mr. Taft an opportunity to let the world know what his religious belief is."

Letter Was an Outrage.

I received many such letters as yours during the campaign, expressing dissatisfaction with Mr. Taft on religious grounds; some of them on the ground that he was a Unitarian, and others on the ground that he was suspected to be in sympathy with Catholics. I did not answer any of these letters during the campaign because I regarded it as an outrage even to agitate such a question as a man's religious convictions, with the purpose of influencing a political election. But now, that the campaign is over, when there is opportunity for men calmly to consider whether such propositions as those you make in your letter would lead, I wish to invite them to consider them, and I have selected your letter to answer because you advance both the objections commonly urged against Mr. Taft, namely: that he is a Unitarian and also that he is suspected of being in sympathy with the Catholics.

You ask that Mr. Taft shall "let the world know what his religious belief is." This is purely his own private concern; and it is a matter between him and his Maker, a matter for his own conscience; and to require it to be made public under penalty of political discrimination is to negative the first principles of our government, which guarantee complete religious liberty and the right to each man to act in religious affairs as his own conscience dictates. Mr. Taft never asked my advice in the matter, but if he had asked it, I should have emphatically advised him against thus stating publicly his religious belief. The demand for a statement of a candidate's religious belief can have no meaning except that there may be discrimination for or against him because of that belief. Discrimination against the holder of one faith means retaliatory discrimination against men of other faiths.

Fatal to True Liberty.

The inevitable result of entering upon such a practice would be an abandonment of our real freedom of conscience and a reversion to the dreadful conditions of religious dissension which in so many lands have proved fatal to true liberty, to true religion, and to all advance in civilization.

To discriminate against a thoroughly upright citizen because he belongs to some particular church, or because, like Abraham Lincoln, he has not avowed his allegiance to any church, is an outrage against that liberty of conscience which is one of the foundations of American liberty. You are entitled to know whether a man seeking your suffrage is a man of clean and upright life, honorable in all his dealings with his fellows, and fit by qualification and purpose to do well in the great office for which he is a candidate; but you are not entitled to know matters which lie purely between himself and his Mak-

er. If it is proper or legitimate to oppose a man for being a Unitarian, as was John Quincy Adams, for instance, as is the Rev. Edward Everett Hale, at the present moment chaplain of the senate, and an American of whose life all good Americans are proud—then it would be equally proper to support or oppose a man because of his views on justification by faith, or the method of administering the sacrament, or the gospel of salvation by works. If you once enter on such a career there is absolutely no limit at which you can legitimately stop.

Relatives Not Catholics.

So much for your objections to Mr. Taft because he is a Unitarian. Now, for your objections to him because you think his wife and brother to be Roman Catholics. As it happens, they are not; but if they were, or if he were a Roman Catholic himself, it ought not to affect in the slightest degree any man's supporting him for the position of president. You say that "the mass of the voters that are not Catholics will not support a man for any office, especially for president of the United States, who is a Roman Catholic." I believe that when you say this you foully slander your fellow countrymen. I do not for one moment believe that the mass of our fellow citizens or that any considerable number of our fellow citizens, can be influenced by such narrow bigotry as to refuse to vote for any thoroughly upright and fit man because he happens to have a particular religious creed. Such a consideration should never be treated as a reason for either supporting or opposing a candidate for political office. Are you aware that there are several states in this Union where the majority of the people are now Catholics? I should reprobate in the severest terms the Catholics who in those states (or in any other states) who refused to vote for the most fit man because he happened to be a Protestant; and my condemnation would be exactly as severe for Protestants who, under reversed circumstances, refused to vote for a Catholic.

Lives Refute Slander.

In public life I am happy to say that I have known many men who were elected, and constantly re-elected to office, in districts where the great majority of their constituents were of a different religious belief. I know Catholics who have for many years represented constituencies mainly Protestant, and Protestants who have for many years represented constituencies mainly Catholic; and among the congressmen whom I know particularly well was one man of Jewish faith who represented a district in which there were hardly any Jews at all. All of these men by their very existence in political life, refute the slander you have uttered against your fellow Americans.

I believe that this republic will endure for many centuries. If so there will doubtless be among its presidents Protestants and Catholics, and very probably at some time, Jews. I have consistently tried while president to act in relation to my fellow Americans of Catholic faith as I hope that any future president who happens to be a Catholic will act towards his fellow Americans of Protestant faith. Had I followed any other course I should have felt that I was unfit to represent the American people.

Jew and Catholic in Cabinet.

In my cabinet at the present moment there sit side by side Catholic and Protestant, Christian and Jew, each man chosen because in my belief he is peculiarly fit to exercise on behalf of all our people the duties of the office to which I have appointed him. In no case does the man's religious belief in any way influence his discharge of his duties, save as it makes him more eager to act justly and uprightly in his relations to all men. The same principles that have obtained in appointing the members of my cabinet, the highest officials under me, the officials to whom is entrusted the work of carrying out all the important policies of my administration, are the principles upon which all good Americans should act in choosing, whether by election or appointment, the men to fill any office from the highest to the lowest in the land. Yours truly (Signed)—Theodore Roosevelt.

Wagered All the Money He Had in His Clothes, the Princely Sum of \$5, Against a Free Trip Across the Atlantic.

St. Louis, Mo., Nov. 9.—Joe McAuliffe has a trip to Europe in prospect that will not deplete his bank cell a cent, but promises to be expensive to Alfred Kennedy, all because Taft carried Missouri.

McAuliffe is a newspaper man, and Kennedy makes cigars. Naturally, Kennedy has the most money. In discussing the election prospects McAuliffe showed some signs of thinking that Bryan might lose Missouri. "Physical impossibility," said the man who makes cigars. McAuliffe insisted that Taft had a chance, and Kennedy offered to bet a trip to Europe against any money that McAuliffe had in his clothes on the proposition. Being reasonably near to the last pay day, McAuliffe had \$5, which he put up against a guarantee that the trip to Europe would be paid for.

The agreement calls for sailing December 20. They are to go first class on a good steamer. All hotel bills, legitimate tips, railroad fares and other expenses on the other side must be paid by Kennedy, who has agreed to hand over \$10 each day to McAuliffe for his personal expenses.

TRAIN ROBBERY FOILED

TWO ROBBERS WERE DISCOVERED IN A DINING CAR BY PORTER.

WERE TRACKED BY THE CONDUCTOR

One of the Men Fell From the Train and Sustained a Fractured Skull, but the Second One Was Captured.

Columbus, O., Nov. 9.—An attempt to rob Big Four train No. 18, from Cincinnati, due in Columbus at 9:55 o'clock, was prevented last night by the discovery of two robbers in a dining car by a porter.

As a result, one man, Harry G. Emmitt, 38 years old, a pressman of 494 East Mound street, Columbus, is believed to be dying at Protestant hospital, and a man who says his name is Patrick Mahem, of Cleveland, is held by the police as a suspect, pending identification by the dining car crew.

When the porter saw the men he called Conductor Reese of the dining car, who tackled the two. He first grabbed Emmitt, who jerked out a small knife and cut the conductor across the hand. Emmitt then made his way to the platform and climbed to the top of the car.

As the speeding train made a sudden lurch near the Union station he was thrown to the ground and is thought to have sustained a fractured skull.

Mahem was arrested later at the Davidson hotel near the station. He admitted being on the train, but said he was a regular passenger traveling from Springfield to Columbus.

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. COUNTY SEAT STAYS IN AVA

Vera Cruz, Mo., Loses Contest at Recent Election.

Springfield, Mo., Nov. 9.—The proposition to remove the county seat of Douglas county from Ava to Vera Cruz was defeated in the recent election, and the defeat at this time is considered most important to the county.

The new Mansfield-Ava electric line, which had suspended operations awaiting the result of the election, resumed work with an increased force of men the day after the matter was decided.

Ava is the proposed terminus of the line, and the promoters feared that if the county seat was taken away from that town its progress would be retarded.

The line will be completed now and will cover a rich timber region heretofore without transportation.

WOMAN STIRS SENSATION

SISTER OF CARTER HARRISON IS ARRESTED AT ASHEVILLE, NORTH CAROLINA.

THERE IS A MAN IN THE CASE, TOO

Mrs. Eastman, Daughter of Noted Chicago Mayor, Made Defendant by Son of Man Who Lived at Her House.

Asheville, N. C., Nov. 9.—Mrs. Sophie Eastman, sister of Carter Harrison, former mayor of Chicago, has been arrested at her home, Buck Shoals, on a warrant issued by a county magistrate, charging her with a violation of a state law which forbids a man and a woman to live alone in a house unattended, they being unmarried or not relatives.

The case was continued until Nov. 19.

The warrant was obtained by the son of Col. V. E. McBee, who has been living at Buck Shoals for several years.

The sensational interest of the case is heightened by the fact that Mrs. Eastman has begun suit against Col. McBee, charging that while she furnished all the money to buy Buck Shoals from the heirs of the late Bill Nye, the humorist, who built the house and who died there, he has so deluded her that the property is invested in a company which he controls.

The suit followed a quarrel between Mrs. Eastman and Col. McBee, formerly her companion at horse shows and such functions, and the substitution by Mrs. Eastman of a young man named Rider Edwards as her companion on drives.

This was followed at 4 o'clock Sunday morning by the destruction by fire of the hotel barn at Skyland, and Mrs. Eastman's two fine saddle horses.

Mrs. Eastman's friends say the charge is utterly malicious, and is intended to influence public sentiment in respect to the suit she is bringing against Col. McBee.

AMUSEMENTS

"Geisha" at the Sedalia Theater Thursday Night.

The vast gap caused in the musical world at the time that Messrs. Gilbert and Sullivan ceased to write in collaboration has at last been filled by Owen Hall, whose "Geisha" has created quite a success. There has

been a surfeit of impoverished musical comedies and built-up entertainments with music trickling through, but the public tastes have measurably improved, while the means of satisfying those tastes have not kept similar pace. These facts add emphasis to the announcement that the Stewart Opera company, one of the best equipped and most successful musical organizations regularly touring the country, is to devote its special attention during its engagement here on Thursday night at the Sedalia theater to a most magnificent production of "The Geisha," a pretty Japanese comic opera.

Everything necessary to a sumptuous and successful production has been secured. William G. Stewart will head the list of artists, and with him will be associated such skilled and experienced performers as John Phillips, Charles Gallagher, Herbert Sallinger, Arthur Wooley, Marie Horgan, Hattie Fox, Adele Oswald, Lily Torrell, Beulah Mitchell and others. WILL INCREASE SALARIES

BOOST OF 10 PER CENT FOR ALL EMPLOYEES UNDER THE CIVIL SERVICE.

THERE ARE A NUMBER IN SEDALIA

So Far As Known, Not One Will Enter a Protest, Despite the Fact That It Will Increase Expense of Government.

Washington, Nov. 9.—A general increase of about 10 per cent in the salaries of all civil service employees at navy yards will be recommended in the report of the committee on grades and salaries of the keep commission.

The report is about completed and is expected to reach the department by the latter part of this week or the first of next week.

In its report to Congress last winter the keep commission recommended a substantial increase for these employees, but in the opinion of the naval authorities the increase was too large.

The question of revising their salaries was re-submitted to the committee on grades and salaries by order of President Roosevelt with the suggestion that their report ought not to increase their pay more than 10 per cent.

If the report is received before November 15, it will probably be approved and put in operation on December 1. The new wage scale will affect about 1,000 clerks, draughtsmen and inspectors. This change of grade and salary can be made without special legislative authority as the rating of civilian employees in the clerical and mechanical departments of navy yards are subject to department regulation.

MR. JNO TEMPLE GRAVES

TODAY CELEBRATING THE FIFTY-SECOND ANNIVERSARY OF BIRTH.

A CANDIDATE FOR VICE PRESIDENT

On the Independence Party Ticket at Recent Election—A Native of Willington Church, South Carolina.

New York, Nov. 9.—John Temple Graves, editor, orator and vice presidential candidate of the Independence party in the campaign just closed, is today 52 years of age. Mr. Graves is now employed as an editorial writer on Hearst's New York American, but it is rumored that he will soon return to Atlanta to assume the editorship of a new Hearst paper to be established in the Georgia metropolis.

Mr. Graves is a southerner, having been born at Willington church, Abbeville county, South Carolina, on November 9, 1856. His father was Gen. James Porterfield Graves, and his mother Katherine Calhoun, a niece of John C. Calhoun.

Mr. Graves was graduated from the University of Georgia in 1875 and went into journalism. In the south he is looked upon as the successor of the late Henry W. Grady, both as an editor and orator. He was a presidential elector from Florida in 1884 and from Georgia in 1888. In 1905 he was a candidate for United States senator from Georgia, but withdrew.

Mr. Graves was for years one of the most popular lecturers on the Chautauqua circuit, and a number of his lectures, as well as other works, have been published in book form.

Mr. Graves began his editorial career on the Florida Union, of Jacksonville, and his reputation as a writer and as a speaker soon spread throughout the south. Later he became editor of the Atlanta Journal, the Rome, Ga., Tribune, the Atlanta News and the Atlanta Georgian. His ability attracted the attention of William Randolph Hearst and he came to New York to accept an editorial position at a reported salary of \$13,000 a year.

MONETARY COMMISSION

APPOINTED LAST SESSION OF CONGRESS WILL MEET TOMORROW.

TWO SUB-COMMITTEES WILL REPORT

Full Committee Does Not Anticipate the Presentation of Any General Law At the Coming Session of Body.

Washington, Nov. 9.—The national monetary commission, appointed at the last session of congress to devise plans for currency legislation, will hold a meeting in Washington tomorrow.

Two sub-committee will present reports to the general committee. One of these, consisting of Senators Aldrich, Hale, Knox and Daniel, and Representatives Cleveland, Overstreet, Burton and Daggett, made a thorough examination of the monetary and banking systems of the commercial nations of Europe.

The other sub-committee, consisting of Senators Allison Burrows, Teller, Money and Bailey, and Representatives Bonnyge, Burgess, Smith and Hugo Weeks, was appointed to take up for immediate consideration the question of necessary amendments to the administrative features of the national banking laws.

Although the campaign interfered somewhat with the progress of the investigation, much material has been secured which will probably throw light on needed improvements in conducting the financial affairs of the country.

It was learned today that the full commission does not anticipate the presentation of any general law at the next session of congress, but expects to propose certain amendments having to do with the administrative features of national banks rather than the currency.

TO AFRICA WITH "TEDDY"

California Youth Is Accorded Unsolicited Honor.

Los Angeles, Nov. 9.—Attracted by the remarkable achievements of Edmund Heller in his explorations of strange and little known lands, President Roosevelt has selected this 26-year-old Riverside, Cal., youth from a list of hundreds of eminent scientists and naturalists of the nation who aspired to the place, to accompany him into the wilds of Africa next March.

The honor comes to the California boy not only unsolicited, but unexpected. The fact of his appointment was first learned when his mother, Mrs. Marion Heller, of Riverside, received a letter from the youthful explorer in which he declares that the president had sent him a cordial invitation and requested the state university museum authorities to release him for a year so that he can accompany the Roosevelt expedition. In his letter Heller modestly tells

of the great honor offered him, gives the personnel of the party and its itinerary and outlines some of the duties that will devolve upon him. Heller has traveled extensively in Mexico, Central and South America, Alaska and other lands.

ITS HEALING VIRTUE

Any one who has ever walked through a forest of pine trees will remember how, almost unconsciously, the head was thrown back and the lungs expanded as they inhaled with long, deep breaths the pine-laden air. How invigorating it was, how healing!

Scientists claim that thousands of men and women who suffer from lung and bronchial affections could be relieved and cured were they able to live out among the pine trees. Unfortunately, comparatively few are in a position to avail themselves of this remedy, but for those who must stay at home, the Virgin Oil of Pine compound pure, prepared by the Leach Chemical Co., of Cincinnati, provides the healing, health-giving properties of the pines. It is a combination of the active principles of the Pine and Santalwood trees, and when mixed with two ounces of Glycerine and a half pint of good Whiskey, one-half ounce of Virgin Oil of Pine will break up a cold quickly and cure any cough that is curable. Use in teaspoonful doses every four hours. Get the ingredients separately and mix them yourself.

The mixture makes a sufficient quantity to last the average family an entire year, and it is therefore the least expensive, as well as the most effective cough remedy known. The Virgin Oil of Pine is put up for dispensing only in half-ounce vials, each vial securely sealed in a round wooden case with an engraved wrapper showing plainly the name and guarantee of the manufacturer as follows: Virgin Oil of Pine compound pure, guaranteed under the Food and Drugs Act, June 30, 1906, Serial No. 451, prepared only by Leach Chemical Co., Cincinnati, O.

CHRISTEN NORTH DAKOTA

New Battleship to Be Launched at Quincy, Mass.

Washington, Nov. 9.—Representatives of the navy department left today for Quincy, Mass., to superintend the launching tomorrow of the monster 20,000-ton battleship North Dakota. The great vessel was built at the yards of the Fore River Ship Building company and is now ready for its christening. Miss Mary Benton, of Fargo, N. D., will break the bottle of wine.

The North Dakota is the first semi-dreadnaught of the American navy, and in her construction all records for speed have been broken. Her keel was laid on December 16, last. Her sister ship, the Delaware, is being built at Newport News, Va., and will probably be launched this winter. There has been a fierce rivalry between the Massachusetts and Virginia companies, but the victory will go to the former by a narrow margin.

ONLY FIFTEEN WHISKIES

The Pole Tried to Drink, but Died at the Eleventh.

Hammond, Ind., Nov. 9.—Because of a dollar bet Andrew Wislinski, of this city, aged 24 years, is dead.

While talking politics on his way home from work, Wislinski and his friend, John Machinski, dropped into a buffet for a drink.

Wislinski began to brag of his capacity for whiskies and wagered a dollar with his friend that he could drink fifteen straight.

Eleven glasses of whisky were poured into a beer glass, filling it to the brim. Wislinski tossed it off nonchalantly and called for the other four.

Before the saloon keeper could pour it out Wislinski dropped to the floor and died soon afterward. No arrests have been made.

RUMBLINGS OF THE RAIL

FORTY PASSENGERS WERE IN A WRECK, BUT NONE SERIOUSLY HURT.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

As Missouri Pacific passenger train No. 4, due in Kansas City at 5:50 o'clock Saturday afternoon, was approaching Pomona, Kas., about ninety miles from Kansas City, about 2:30, the tender jumped the track, derailing every car. No one was severely injured, due, no doubt, to the fact that the train was running at only moderate speed.

The train was composed of baggage, mail, smoker and chair cars, a diner and a Pullman sleeper. The tender jumped the track without any apparent cause and as the cars following left the track they turned over.

There were about forty passengers in the chair car and they crawled through the windows, all of them practically uninjured except W. E. Stice, of White City, Kas., one of whose knees was bruised. Mrs. Stice and their 2-year-old child were uninjured.

Only the crews of the sleeper and diner were on those cars. Both cars were torn from their trucks and rolled into a ditch. One of the Pullman porters was scratched, but the other was uninjured. None of the men in the diner was injured.

The train was in charge of Robert Reveal, engineer, of Council Grove, Kas., and John Mitchell, of Kansas City, conductor. A train of cabooses took the passengers to Osawatomie. They arrived in Kansas City by a regular train at 10:15 o'clock Saturday night.

Was Elected Behind His Back.

Carl Dungan, assistant claim agent of the Wabash, whose home is in Montgomery City, Mo., is the victim of a political joke.

Without his knowledge or consent he was placed on the democratic ticket

and elected to the office of public administrator of Montgomery county, defeating Rev. John C. Robinson, the republican nominee, by 46 votes.

His railroad duties may prevent him from serving. Dungan is a splendid baseball player, as well as an efficient deputy claim agent.

Two Deaths at Katy Hospital.

The funeral of Philip Carroll, an M. K. & T. employee from Dallas, Texas, who died at the company hospital here last Friday night, will be held from Sacred Heart church at 9 o'clock tomorrow morning and burial will be made in the Catholic cemetery.

Bans Employees From Saloons.
Ralph Blaisdell, auditor for the Harriman system of railroads in the northwest, has, "for the good of the service," issued an order forbidding employees in his department visiting saloons or liquor houses for any purpose whatsoever. The order affects about 500 employees.

Several months ago Blaisdell discharged all the women clerks and stenographers in his department and replaced them with men. The women were dismissed on the ground that men are more efficient.

The Dr. Camp Medical Co.

Gentlemen:—I am a woman 51 years of age, and just to think that for over twenty years I have been a constant sufferer from that terrible disease, Goitre, that grew and grew until it was ten inches one way and nine inches the other, and as large as a pint cup. I was always so mortified because I could never wear a collar and dress like other women. I tried every remedy I could hear of, and many doctors, while I gradually grew worse all the time. I was told an operation was my only chance and that it would probably kill me. I had it cut off. I was in great despair and had given up, but it was certainly a lucky day for me when my chance I saw your advertisement in the papers about your new method of treatment, and I concluded to consult you, and when you told me you could cure me in about four months, I was greatly encouraged; but while I was taking treatment everyone said I was only throwing my money away; that I could never be cured—but I never lost faith, and now that you have done what you said you could without any cutting, I am overjoyed. You are master Specialists of great skill and men of your word, and you deserve all the praise a heart overflowing with gratitude can bestow. It will always be a great pleasure for me to answer all letters from all sufferers and tell them about my case and cure.

Ever most gratefully yours,

MRS. NANCY RAYL

A. C. Burrows, traveling passenger agent for the Lake Shore railway, with headquarters in St. Louis, is here today on business.

Fred Crain, who has been a patient at the M. K. & T. railway hospital, was discharged Sunday, and left today for his home at Denison, Tex.

Ben Bowers, a Missouri Pacific switch engine foreman, has severed relationship with the "Old Reliable," and is contemplating a tour of the west.

Will Glazebrook, a former Missouri Pacific boilermaker, left this morning for Pocatello, Idaho, where he will accept a position with the Oregon Short Line railway.

N. P. Kemp, of the secret service department of the Missouri Pacific, returned on the noon train today from a business visit at points on the east end of the road.

On account of a spreading rail, Missouri Pacific switch engine No. 3665, in charge of Engineer John Murphy, jumped the rails on the side track in the Looney-Bloss Lumber

Co.'s yards at 9 o'clock this morning. The locomotive was out of commission the remainder of the day.

Will Van Hoff, a machinist, who has been working in the Illinois Central shops at Paducah, Ky., returned home Sunday and will resume work at the Missouri Pacific shops tomorrow.

John Perdue, car clerk for the M. K. & T., who has been off from work for some time on account of illness of his 4-year-old son, who has been bedfast with diphtheria fever, resumed work this morning. The child is improving daily.

The M. K. & T. is experiencing a shortage of motive power. Failures of engines were frequent last night, and that fact coupled with the fact that many locomotives have been sent to Texas for work causes the officials in this territory no little trouble.
